Challenge class: A distance handling only class, with one distance challenge. Running with your dog is not permitted for the CHC Challenge Class

The final score is determined by subtracting any faults from the maximum bonus points available: 20 for DHB/DHA. However, if the handler steps on or outside the handling area boundary, the team is eliminated and receives no score for that run. They may, however, choose to complete the course

Measuring your dog: All dogs must be measured to ensure they compete in the correct size category – small, medium, or large.

Measurements are taken from the inside bend of the wrist to the tip of the elbow; this measurement is the length of the ulna bone.

Division	Ulna Length
Small	5" or under
Medium	over 5" to 7"
Large	over 7"

There are now two entry categories:
Regular: Dogs continue to enter by rules for size: Small, medium or large

PREFERRED Division
"For dogs that find completing full courses too demanding due to physical challenges. This includes veteran dogs and those with medical or other physical conditions. The Preferred Division offers courses with shorter sequences"

Dogs that are veterans in agility are permitted but not obligated to run in the Preferred division. This will be at the owner's discretion

Teams may switch from Regular to Preferred Division at any time and in any level from Novice to Proficient.

Preferred courses have a maximum of **16 obstacles**, but all other aspects such as distance, bonuses, times and rules remain unchanged. Size measurements also remain the same: small, medium or large

Please note that once a dog has entered the Preferred Division, they must continue to run in that division and no longer qualify for the Regular division

General Rules:

- Competitors are responsible for ensuring their dogs are adequately trained to a safe standard for the nature of the competition entered
- Dogs suffering from a contagious disease or that have been in contact with any dog suffering from a contagious disease must not be brought to the trial venue
- It is the competitor's responsibility to be available for their class
- While competing, dogs can either have their collar removed or wear a close-fitting flat collar with nametags that are flush fitting. No hanging tags or similar may be attached to the collar. No choke, harnesses or head collars are permitted while competing
- All awards must be collected on the day of the trial
- All dogs must at all times, be kept under proper control in all areas of the trial venue
- Owners/handlers are responsible for cleanup after their dogs in all areas of the trial venue

- No person shall carry out any physical disciplining or excessive harsh verbal correction of a dog at any time during the trial
- A silent toy may be carried by the handler when running FEO only
- Competitors are expected to respect space from other dogs and handlers, especially in the case of reactive/sensitive dogs

- Competitors are expected to keep 6 ft back from the ring boundary when the ring is in use
- Dogs are not allowed to lunge at the rings, other competitors, or their dogs

- Prior to course walking, judges may run a white dog or ask for a white dog to be run in order to check their lines etc. White dogs are not allowed to compete in the same class they run as a white dog
- Handlers must not make deliberate contact with any of the equipment during their run
- Handlers must not pass over or through any piece of equipment during their run

- Dogs and handlers may only enter the ring once instructed to do so
- Dogs may only enter the ring in order to complete their run and should not be in the ring at any other time
- Toys and any other handler belongings must be left outside the ring or in the exit pen and not within the ring boundary. (If placing in the exit pen, this should be done prior to entering the ring)
- Leashes must be left at the gate (for the leash runner). The leash cannot be left in the DHB or dropped at the start line. If the handler decides to keep the leash, then it must be secured in a pocket prior to the run starting. If the dog interacts with the leash once their run has started and prior to finishing their run, they will be eliminated.
- No food within the ring boundary

All participants must agree to and provide a signed electronic copy PURE Dog Agility & Training Waiver of General Liability. (agree to during entry process
